Tim DeWaard

Regional VP of Sales Engineering, US, Arctic Wolf

Tim DeWaard is an RVP of Sales Engineering for Arctic Wolf. Tim has 24 years of IT experience ranging from IT infrastructure, managed services, data protection, information security, disaster recovery/business continuity, and cyber security. Tim is currently leading a team of sales engineers and managers for Arctic Wolf across the US and is focused on helping clients reduce, and ultimately eliminate, cyber risk through a business-oriented approach.
